Mr. James P. Hendrick
Assistant to the Secretary
Office of the Assistant
Secretary of the Treasury
Washington 25, D. C.

Dear Mr. Hendrick:

In response to your recent request for information on the use of slave labor in the crab industry of the Soviet Union and on the location of canneries, I am enclosing a paper on this subject, classified SECRET, which I hope will be of use to you.

Although declassification would probably be fairly time consuming because of the formidable number of sources used to compile this paper, we shall attempt to have the information declassified if it is of value to you only in unclassified form.

Sincerely,

(S/

Robert Amory, Jr.
